Talentia Recruiting & Onboarding

With Talentia Recruiting & Onboarding, drive recruiting and onboarding with added agility. Create a career site that reflects your brand, publish job ads in one click, provide a superior candidate experience through sleek UI and collaboration.

Source Talents

Leverage automated semantic technology to match candidates with open jobs and optimise talent sourcing across your candidate pool.

Every job opening is easily qualified (contract type, duration, job description...), and candidate information is shared between recruiters and managers in a collaborative process.

Insource talents to foster mobility: Seamlessly add internal mobility requests to the recruiting process, to include data collected from performance review and learning activities.

Optimise Onboarding

Boost new hires' engagement through collaborative onboarding paths involving HR and managers and easily track onboarding through visual progress dashboards.

Easily feed personnel administration and payroll software with candidate profile data.

Measure & Adapt

Anticipate staff exits and proactively manage your recruitments with Talentia Recruiting & Onboarding data tracking dashboards. Continuously analyse your campaigns to adapt recruiting cycles in real time by job type, duration, candidate sources, cost, etc.
